DETAILED ACTION

Ex parte Quayle

1. This application is in condition for allowance except for the following formal matters:

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings have poor line quality and elements 10& 16 are not clear; the lead lines pointing to figures are clear and the lead lines for elements 11 and 12 overlap which cause confusion . Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Tamura et al, Plumb, VanDalsem et al, and Smith disclose a device.
